TOWN OF NORTH BRANFORD PROPERTY ASSESSMENT DEFERRAL PROGRAM

I. PROGRAM DESCRIPTION & ELIGIBILITY REQUIREMENTS

Purpose and Summary

The Assessment Deferral Program was adopted to encourage the fullest development of property and encourage investment in North Branford's commercial building stock. The Assessment Deferral Program freezes assessments at the pre-construction values for certain eligible properties and then phases-in the assessment increase over a period of five years.

The Process

- The owner of the property SHALL file an application for eligibility PRIOR to the start of construction. Failure to file application prior to construction will result in a DENIAL of assessment deferral.
- Authorization of the Assessment Deferral Program, under Connecticut General Statute §12-65e, is administrated by the North Branford Town Council.
- The current assessment is frozen during the construction period. Construction SHALL be completed by the second anniversary of the effective date of the agreement.
- Upon completion of construction the assessment will remain frozen for the first year. Thereafter the increase in assessment will be phased in 20% per year from year two to year five. The property will reach the 100% assessment level in year-six.
- The construction period ends and the five-year deferral begins on the Grand List (October 1st) subsequent to the issuance of the property's CERTIFICATE OF OCCUPANCY or if the Assessor determines the property is 100% complete.

Summary of Eligibility Requirements

The program is intended to encourage development of unused or underused property and to encourage new construction or rehabilitation of existing commercial properties throughout the Town.

Prior to the start of construction or rehabilitation the property MUST HAVE:

- Necessary Building Permits
- Zoning and Wetland approval
- Any necessary variances for any or all code violations
- Confirmation of Tax Obligations

The Completed Rehabilitation or Construction Project MUST:

- Be of eligible Commercial Use
- Conform to Zoning Ordinance requirements
- Increase the Value of the property by at least 35%
- Correct all Code violations
- Meet the Secretary of the Interior's "Standards of Rehabilitation for Historic Structures," if the building is a "Certified Historic Structure" within the meaning of 36 CFR 67 or if it is designated historically significant by the Historic District Commission.
