2022 CEDS ANNUAL REPORT & PERFORMANCE UPDATE

2023-2028 5-YEAR CEDS

Comprehensive Economic Development Strategy (CEDS) – What is it and why is it important?

- An effective CEDS planning process identifies locally-grown strategies that will guide regional economic development, encourage partnerships and collaboration, and improve economic outcomes and overall quality of life in our region.
- It is also a requirement from the US Economic Development Administration to maintain eligibility for federal funding.

Greater New Haven: One Region. 15 Towns. Unlimited Potential.

What's Different in 2022?

- Economic development planning has never been more difficult
- Economic development planning has never been more important
- Recovery funding offers opportunity for transformational change

Greater New Haven: One Region. 15 Towns. Unlimited Potential.

Three Key Data Points

- Regional population growth has been flat per US Census
 - 2010: 570,001
 - 2020: 570,487
 - USPS reports an increase of 20,000 moves into the state
